BARONESS[®]
Quality on Demand

Ver.3.0

Greetings

Thank you for purchasing Baroness product.

This brochure contains the information needed for ordering BARONESS parts.

Search the number indicating the figure of your desired part in the illustration area, and find the same number from among the latter parts of the hyphenated Cat Nos. in the listing area to obtain the individual Code No.

Notes

1) For inquiries of parts

Inform us of the model and the serial number of your machine or attachment.

The model and the serial number are indicated on the serial number plate of your machine or attachment.

* Consult the Owner's Operating Manual for the position where the serial number plate is affixed.

2) For ordering parts

- Inform us of the Code No., Part name and order quantity.
- We do not accept returns unless our company is responsible for the issue.
- Use genuine Baroness parts and accessories. The Baroness product warranty may not apply if parts or accessories from other companies are used.

3) The information described in this brochure is subject to change without prior notice.

Description of the content of Parts catalog

1) Illustration area

① Section No. /Section name

② Country code

If the contents of this manual differ depending on the destination, the product details are explained using the ISO3166 country code (two characters).

Please check the applicable destination for your purchased model.

If the country code is not written, there is no difference in the content depending on the destination.
e.g.

Country	Country code	Country	Country code	Country	Country code
Japan	JP ^(*)	UK	GB ^(*)	USA	US

(*) : Including South Korea and China)

(*) : Including European countries)

③ Indication of the connecting point

The following indication shows the connecting point of the part shown on the other page.

- 1- **A** :
Refer to the point **A** in the illustration of the section No.1
- 2- **B** :
Refer to the point **B** in the illustration of the section No.2

Note :

The figures of assembled components or isolated parts do not always show their accurate shapes. The figures are supposed to be used for obtaining the correct code numbers.
